UM-Ann Arbor supports UM-Dearborn and UM-Flint to increase efficiency and reduce costs for all three campuses

- UM-Ann Arbor administers a benefits, payroll and procurement system for all three campuses. UM-Flint and UM-Dearborn pay for the services at a lower rate than they would pay on an individual basis.

- UM-Ann Arbor administers a number of other services for the UM-Flint and UM-Dearborn campuses, including the following:
  - Information technology services.
  - Architecture, engineering and construction services.
  - International emergency response services for students and faculty overseas.
  - Federal relations for research.
  - Environment, health and safety services.
  - Legal services.

- The Office of Research and Sponsored Projects submits proposals and negotiates contracts on behalf of the three campuses.

- One research compliance program and one research integrity officer funded by UM-Ann Arbor.

- U-M Tech Transfer supports all three campuses.

- All three campus police departments report up to one executive director of DPSS to leverage that expertise and make sure that public safety is never compromised.

- UM-Flint and UM-Dearborn students receive the same student rates for U-M Ann Arbor athletic events, and all can participate in Marching Band.

UM-Ann Arbor leads and often provides financial and other support for many programs that benefit UM-Flint and UM-Dearborn

Examples include the following:

- The MCubed research funding program is available to faculty on all campuses.
- The Semester in Detroit program and LSA’s Michigan in Washington program are available to all.
- UM-Ann Arbor provided matching funds to Flint and Dearborn for student scholarships as part of the Victors for Michigan campaign.
• Ann Arbor allocated $2.5 million each to Flint and Dearborn for strategic priorities at the discretion of the chancellors in 2015.
• Ann Arbor allocated $5 million to Dearborn for a new engineering building.
• The Michigan Road Scholars Tour for U-M faculty.
• Michigan Online, a portal for online courses and learning experiences designed and launched by UM-Ann Arbor’s Office of Academic Innovation, provides free access to courses and certificates to all students, staff, faculty, and alumni from UM-Ann Arbor, UM-Dearborn and UM-Flint.
• um3detroit, an annual interdisciplinary gathering, to strengthen connections to Detroit and each other.
• The GradeCraft learning management system developed at UM-Ann Arbor is now in use extensively at UM-Dearborn as a way of teaching classes that are more flexible, rewarding and engaging for students.
• MIDAS (Michigan Institute for Data Science) and the Michigan Center for Interprofessional Education.
• The Thompson Library at UM-Flint is able to provide users unparalleled access to UM-Ann Arbor library services and research collections.
• Faculty at UM-Ann Arbor and UM-Dearborn are working on projects funded by Poverty Solutions.
• UM-Ann Arbor staff members regularly lead workshops on facilitating international programs for UM-Dearborn & UM-Flint faculty and staff on their campuses.
• UM-Dearborn and UM-Flint ROTC members participate in ROTC programs supported by UM-Ann Arbor.
• A number of admissions and enrollment programs, including the following:
  o Among students seeking transfer into UM-Ann Arbor, more than half of UM-Flint and UM-Dearborn applicants are accepted, compared to 39 percent for other institutions. Flint and Dearborn students are able to transfer a higher percentage of “equivalent course” credits than other institutions.
  o The 2+2 Engineering Transfer program allows a number of students at UM-Flint to transfer to UM-Ann Arbor's College of Engineering.
  o The HAIL Scholarship program offers a number of HAIL applicants not admitted to UM-Ann Arbor the opportunity to enroll at UM-Flint or UM-Dearborn.
  o Students in the Wolverines Pathways program not offered admission to UM-Ann Arbor in Fall 2018 were able to use their scholarship guarantee at UM-Dearborn for 2018-2019.
